

## EcoVillage Lot 5

At 36,000 square feet, this is the largest of the lots in EcoVillage, chosen for its beautiful views and landscaping potential. It comes with a set of already customized plans that position the future home on this gently sloping lot to maximize privacy and views of the pond.

Close to both the stream and the pond, this is a great lot for someone who loves to garden, a family with active children, or anyone who values the sights and sounds of nature. Two parking spots and shares in the Common Area infrastructure are included with the purchase of this lot.

The owner is eager to sell this lot, although sad that she won't be part of the wonderful and warm EcoVillage community.
